

Curriculum Vitae

May 2019

Sydney Trask, Ph.D.

University of Wisconsin – Milwaukee | Department of Psychology
224 Garland Hall, Milwaukee, WI 53211

e-mail: trask@uwm.edu

Phone: 303-638-9993

Positions

The University of Wisconsin – Milwaukee, Milwaukee, WI, 53206

Postdoctoral Research Fellow to Dr. Fred Helmstetter

May 2018 – Present

The University of Vermont, Burlington, VT 05405

Postdoctoral Research Fellow to Dr. Mark Bouton

June 2017 – May 2018

Education

The University of Vermont, Burlington, VT 05405

Doctor of Philosophy in Psychological Science, May 2017

Dissertation: Cues Associated with Alternative Reinforcement Can Attenuate Resurgence of an Extinguished Instrumental Response

The University of Vermont, Burlington, VT 05405

Master of Arts in Psychological Science, February 2014

Thesis: Contextual Control of Operant Behavior: Evidence for Hierarchical Associations in Instrumental Learning

Kent State University, Kent, OH 44240

Bachelor of Arts in Psychology, May 2012

Summa Cum Laude

Research Mentors

Dr. David Riccio, Kent State University (July 2010 – May 2012)

Dr. Aaron Jasnow, Kent State University (August 2011 – May 2012)

Dr. Mark Bouton, The University of Vermont (May 2012 – May 2018)

Dr. John Green, The University of Vermont (June 2015 – May 2018)

Dr. Fred Helmstetter, The University of Wisconsin – Milwaukee (May 2018 – Present)

Publications

1. **Trask, S., & Bouton, M. E. (2014).** Contextual control of operant behavior: Evidence for hierarchical associations in instrumental learning. *Learning & Behavior*, 42, 281-288.

16. Ferrara, N.C., **Trask, S.**, Pullins, S.E., & Helmstetter, F.J. (submitted) Contextual novelty encoded by the dorsal hippocampus regulates synaptic destabilization and memory lability in the amygdala.

Manuscripts in Preparation

Trask, S., Shipman, M. L., Green, J. T., & Bouton, M. E. Factors that render habitual behavior goal-directed.

Trask, S., Pullins, S.E., Ferrara, N.C., & Helmstetter, F.J. Dissociable roles for the anterior and posterior retrosplenial cortices in the encoding of event- and context-related Information in trace fear conditioning.

Ferrara, N.C., **Trask, S.**, Pullins, S.E., & Helmstetter, F.J. Inhibition of the thalamo-amygdala facilitates extinction learning.

Paper Presentations

2012

Bidirectional effects of increasing histone acetylation on extinction learning. **Sydney Trask**, Patrick K. Cullen, David C. Riccio, and Aaron M. Jasnow. Presented at the TriState Plus Meeting in April, 2012 (Kent, OH).

2013

Mechanisms of contextual control of instrumental learning. **Sydney Trask** and Mark E. Bouton. Presented at the Vermont Summer Summit in June, 2013 (Burlington, VT).

2014

Contextual control of operant behavior: Evidence for hierarchical associations in instrumental learning. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2014 (Boston, MA).

Contextual control of instrumental actions and habits. Mark E. Bouton, **Sydney Trask**, and Eric A. Thraillkill. Presented at the Gregynog Associative Learning Symposium in April, 2014 (Powys, Wales).

2015

Reducing relapse by presenting a reinforcer associated with behavioral inhibition. **Sydney Trask** and Mark E. Bouton. Presented at the annual conference for Neuroscience, Behavior, and Health in January, 2015 (Burlington, VT).

Response inhibition during extinction in discriminated operant conditioning. Rodrigo Carranza-Jasso, **Sydney Trask**, and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2015 (Philadelphia, PA).

Reinforcers associated with extinction can attenuate free-operant renewal. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2015 (Philadelphia, PA).

2016

Learning to suppress behavior during operant extinction: Implications for cue-exposure therapy. **Sydney Trask**, Rodrigo Carranza-Jasso, and Mark E. Bouton. Presented at the annual conference for Neuroscience, Behavior, and Health in January, 2016 (Burlington, VT).

Inactivation of the prelimbic cortex attenuates context-dependent excitatory responding. Megan L. Shipman, **Sydney Trask**, John T. Green, and Mark E. Bouton. Presented at the annual conference for Neuroscience, Behavior, and Health in January, 2016 (Burlington, VT).

Transfer of operant responding to new contexts after training in multiple contexts. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2016 (New York, NY).

Learning to inhibit the response during operant extinction. Mark E. Bouton, **Sydney Trask**, and Rodrigo Carranza-Jasso. Presented at the Gregynog Associative Learning Symposium in April, 2016 (Powys, Wales).

2017

Retrieval cues associated with alternative reinforcement can attenuate resurgence of an extinguished operant response. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2017 (Boston, MA).

Inactivation of the prelimbic cortex affects an undertrained, but not overtrained, action. Megan L. Shipman, **Sydney Trask**, Mark E. Bouton, and John T. Green. Presented at the annual Dartmouth Neuroscience Symposium in April, 2017 (Hanover, NH).

Association formation in operant behavior and prefrontal control of its expression. **Sydney Trask**. *Invited presentation*. Presented for the University of Wisconsin – Milwaukee Department of Psychology in April, 2017 (Milwaukee, WI).

Cues associated with alternative reinforcement can attenuate reinforcement resurgence of an extinguished instrumental response. **Sydney Trask** and Mark E. Bouton. Presented at the annual meeting of the Society for the Quantitative Analysis of Behavior in May, 2017 (Denver, CO).

Retrieval cues associated with alternative reinforcement can attenuate resurgence of an extinguished instrumental response. **Sydney Trask** and Mark E. Bouton. *Invited Presentation*. Presented at the annual conference for the Association of Behavioral Analysis International in May, 2017 (Denver, CO).

Inactivation of the pre- or infralimbic cortices differentially affects minimally and extensively trained actions. Megan Shipman, **Sydney Trask**, Mark E. Bouton, & John T. Green. Presented at the Vermont Summer Summit in June, 2017 (Burlington, VT).

Association formation in operant behavior and prefrontal control of its expression. **Sydney Trask**. *Invited presentation*. Presented for the University of Maryland - Baltimore Department of Anatomy and Neurobiology in September, 2017 (Baltimore, MD).

2018

Factors that encourage generalization from extinction to test reduce resurgence of an extinguished operant response. **Sydney Trask**, Christopher L. Keim, & Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2018.

Can discriminated operants become habits? Mark E. Bouton, José Alcala, Pedro Vidal, **Sydney Trask**, and Eric A. Thrailkill. Presented at the Gregynog Associative Learning Symposium in April, 2018 (Powys, Wales).

2019

Role of response error versus expectation error in instrumental extinction. Mark E. Bouton, Eric A. Thrailkill, **Sydney Trask**, and Felipe Alfaro. Presented at the Eastern Psychological Association annual conference in March, 2019 (New York, NY).

The role of the retrosplenial subregions in trace fear recall. **Sydney Trask** and Fred J. Helmstetter. Presented at the annual Neuroscience Symposium in March, 2019 (Milwaukee, WI).

Poster Presentations

2011

Trask, S., Cullen, P.K., Gos, K. K., Pickens, L., Fountain, S., & Riccio, D. C. (2011). *Adolescent nicotine affects memory for stimulus attributes but not extinction*. Poster presented at the annual meeting of the Midwestern Psychological Association in May, 2011 (Chicago, IL).

2012

Lynch, J.F. III, Latsko, M., Leppla, C.A., **Trask, S.** & Riccio, D.C. (2012). *Forgetting of stimulus attributes after adolescent exposure to nicotine and stress*. Poster presented at the 27th Annual Graduate Research Symposium in April, 2012 (Kent, OH).

Meduri, J., Dulka, B., Leppla, C., & **Trask, S.** (2012). *Social defeat produces long-term changes in social behavior and specific deficits in fear extinction*. Poster presented at the 27th Annual Graduate Research Symposium in April, 2012 (Kent, OH).

Cullen, P.K., **Trask, S.**, Leppla, C.A., Dulka, B.N. & Latsko, M. (2012). *Bidirectional effects of increasing histone acetylation on extinction learning*. Poster presented at the 27th Annual Graduate Research Symposium in April, 2012 (Kent, OH).

Leppla, C.A., **Trask, S.**, & Jasnow, A.M. (2012). *Dopamine modulates the precision of long term memory*. Poster presented at the Undergraduate Research Symposium in April, 2012 (Kent, OH).

Trask, S., Leppla, C.A., Lynch, J.F. III, Cullen, P.K., & Riccio, D.C. (2012). *Differences in extinction retention in rats after a short or long delay*. Poster presented at the Undergraduate Research Symposium in April, 2012 (Kent, OH).

Cullen, P.K., Dulka, B.N., **Trask, S.**, Riccio, D.C., & Jasnow, A.M. (2012). *The loss of presynaptic GABAB1A receptors in increased rates of context fear generalization*. Poster presented at the Pavlovian Society annual meeting in September, 2012 (Jersey City, NJ).

Cullen, P.K., **Trask, S.**, Dulka, B. N., Riccio, D.C., & Jasnow, A.M. (2012). *The role of presynaptic inhibition in the generalization of context memory*. Poster presented at the Society for Neuroscience annual meeting in October, 2012 (New Orleans, LA).

Leppla, C.A., **Trask, S.**, & Jasnow, A.M. (2012). *Dopamine controls the precision of long-term fear memory*. Poster presented at the Society for Neuroscience annual meeting in October, 2012 (New Orleans, LA).

2013

Schepers, S.T., **Trask, S.**, & Bouton, M.E. (2013) *Effects of imposing a negative contingency between the first behavior and Phase 2 reinforcement on resurgence after instrumental extinction*. Poster presented at the Eastern Psychological Association annual conference in March, 2013 (New York, NY).

2014

Trask, S., Schepers, S.T., & Bouton, M.E. (2014) *Getting rid of resurgence: Implications for contingency management treatments*. Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2014 (Burlington, VT).

Trask, S., & Bouton, M.E. (2014). *Discriminative role of the reinforcer in the inhibition of operant behavior*. Poster presented at the annual meeting of the Pavlovian Society in September, 2014 (Seattle, WA).

Trask, S., & Bouton, M.E. (2014). *Discriminative role of alternative reinforcement in the inhibition of operant behavior*. Poster presented at the 2nd annual Conference for the Vermont Center of Behavior and Health in October, 2014 (Burlington, VT).

Carranza-Jasso, R., **Trask, S.**, & Bouton, M.E. (2014). *Tests for the acquisition of response inhibition during extinction of discriminated operant behavior*. Poster presented at the annual Learning and Memory Meeting in October, 2014 (Mexico City, Mexico).

2015

Bouton, M.E., **Trask, S.**, & Carranza-Jasso (2015). *Learning not to make the response during operant extinction*. Poster presented at the annual meeting of the Pavlovian Society in September, 2015 (Portland, OR).

Shipman, M.L., **Trask, S.**, Green, J. T., & Bouton, M.E. (2015). *Inactivation of the prelimbic cortex attenuates context-dependent excitatory operant responding*. Poster presented at the annual meeting of the Pavlovian Society in September, 2015 (Portland, OR).

Bouton, M.E., **Trask, S.**, & Carranza-Jasso, R. (2015). *Learning not to make the response during operant extinction*. Poster presented at the 3rd annual Conference for the Vermont Center of Behavior and Health in October, 2015 (Burlington, VT).

Shipman, M.L., **Trask, S.**, Green, J. T., & Bouton, M.E. (2015). *Inactivation of the prelimbic cortex attenuates context-dependent excitatory operant responding*. Poster presented at the 3rd annual Conference for the Vermont Center of Behavior and Health in October, 2015 (Burlington, VT).

2016

Trask, S., Shipman, M.L., Green, J.T., & Bouton, M.E. (2016). *Inactivation of the prelimbic cortex attenuates context-dependent excitatory operant responding*. Poster presented at the Eastern Psychological Association annual conference in March, 2016 (New York, NY).

Dantzler, J. M., Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. (2016). *Inactivation of the prelimbic cortex attenuates a new action, but not an old action*. Poster presented at the annual symposium for the Summer Neuroscience Undergraduate Research Fellowship in August, 2016 (Burlington, VT).

Schoenberg, H. L., Seyller, E., **Trask, S.**, Kirshenbaum, A. P., & Toufexis, D. J. (2016). *Methamphetamine pre-exposure produces habitual responding to sucrose in female, but not male, rats*. Poster presented at the Society for Behavioral Neuroendocrinology annual meeting in August, 2016 (Montreal, QC, Canada).

Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. (2016). *Inactivation of the prelimbic cortex attenuates responding of an undertrained by not overtrained action*. Poster presented at the annual meeting of the Pavlovian Society in September, 2016 (Jersey City, NJ).

Trask, S., & Bouton, M. E. (2016). *Reducing the negative impact of context change on an operant response*. Poster presented at the annual meeting of the Pavlovian Society in October, 2016 (Jersey City, NJ).

Trask, S., & Bouton, M. E. (2016). *Reducing the negative impact of context change on an operant response.* Poster presented at the 4th annual Conference for the Vermont Center of Behavior and Health in October, 2016 (Burlington, VT).

2017

Trask, S., & Bouton, M. E. (2017). *Retrieval cues associated with alternative reinforcement can attenuate reinforcement resurgence of an extinguished instrumental response.* Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2017 (Burlington, VT).

Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. (2017). *Inactivation of the prelimbic cortex attenuates responding of an undertrained by not overtrained action.* Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2017 (Burlington, VT).

Schoenberg, H. L., Seyller, E., **Trask, S.**, Kirshenbaum, A. P., & Toufexis, D. J. (2017). *Methamphetamine pre-exposure produces habitual responding to sucrose in female, but not male, rats.* Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2017 (Burlington, VT).

Trask, S., & Bouton, M. E. (2017). *Cues associated with alternative reinforcement can attenuate reinforcement resurgence of an extinguished instrumental response.* Presented at the annual Dartmouth Neuroscience Symposium in April, 2017 (Hanover, NH). *Selected for 5-minute platform talk presentation.

Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. (2017). *Inactivation of the prelimbic cortex affects an undertrained, but not overtrained, action.* Poster presented at the annual University of Vermont Student Research Conference in April, 2017 (Burlington, VT).

Trask, S., & Bouton, M. E. (2017). *Cues associated with alternative reinforcement can attenuate reinforcement resurgence of an extinguished instrumental response.* Poster presented at the annual meeting of the Society for the Quantitative Analysis of Behavior in May, 2017 (Denver, CO).

Perry, M. K., Shipman, M. L., **Trask, S.**, & Green, J. T. *The role of the cerebellum in goal-directed behavior.* Poster presented at the annual symposium for the Summer Neuroscience Undergraduate Research Fellowship in August, 2017 (Burlington, VT).

Trask, S., Keim, C. L., & Bouton, M. E. *Factors that Encourage Generalization from Extinction to Test Reduce Resurgence of an Extinguished Operant Response.* Poster presented at the annual meeting of the Pavlovian Society in October, 2017 (Philadelphia, PA).

Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. *Inactivation of the prelimbic or infralimbic cortex respectively affects expression of minimally-trained and extensively-trained goal-directed actions.* Poster presented at the annual meeting of the Pavlovian Society in October, 2017 (Philadelphia, PA).

Thrailkill, E. A., **Trask, S.**, & Bouton M. E. *Can discriminated operants become habits?* Poster presented at the annual meeting of the Pavlovian Society in October, 2017 (Philadelphia, PA).

Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. *Inactivation of the prelimbic or infralimbic cortices differentially affects minimally and extensively trained actions.* Poster presented at the Society for Neuroscience annual meeting in November, 2017 (Washington D.C.).

2018

Trask, S., Keim, C. L., & Bouton, M. E. *Factors that Encourage Generalization from Extinction to Test Reduce Resurgence of an Extinguished Operant Response.* Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2018 (Burlington, VT).

Shipman, M. L., **Trask, S.**, Bouton, M. E., & Green, J. T. *Inactivation of the prelimbic or infralimbic cortices differentially affects minimally and extensively trained actions.* Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2018 (Burlington, VT).

Thrailkill, E. A., Alcalá, J., Vidal, P., **Trask, S.**, & Bouton M. E. *Can discriminated operants become habits?* Poster presented at the annual conference for Neuroscience, Behavior, and Health in January, 2018 (Burlington, VT).

Trask, S., Ferrara, N.C., & Helmstetter, F.J. *Optogenetic silencing of the thalamo-amygdala pathway, but not lateral amygdala, results in a long-term decrease in fear expression.* Poster presented at the annual meeting of the Pavlovian Society in October, 2018 (Iowa City, IA).

Ferrara, N.C., Cullen, P.K., Pullins, S.E., **Trask, S.,** & Helmstetter, F.J. Inhibition of thalamic terminals in the amygdala may facilitate extinction learning. Poster presented at the annual meeting of the Pavlovian Society in October, 2018 (Iowa City, IA).

Ferrara, N.C., Trask, S., Pullins, S.E., Helmstetter, F.J. *Contextual novelty encoded by the dorsal hippocampus regulates synaptic destabilization and memory lability in the amygdala.* Poster presented at the Society for Neuroscience annual meeting in November, 2018 (San Diego, CA).

Ferrara, N.C., Cullen, P.K., Pullins, S.E., **Trask, S.,** & Helmstetter, F.J. *Inhibition of thalamic terminals in the amygdala may facilitate extinction learning.* Poster presented at the Society for Neuroscience annual meeting in November, 2018 (San Diego, CA).

2019

Trask, S., Pullins, S.E., & Helmstetter, F.J. *The role of the retrosplenial subregions in trace fear acquisition and recall.* Presented at the annual Neuroscience Symposium in March, 2019 (Milwaukee, WI).

Honors and Awards

President's Scholarship, Kent State University, 2008-2012

Dean's List, Kent State University: 6 semesters

President's List, Kent State University: 1 semester

Outstanding Junior Psychology Major, Kent State University, 2010-2011 Academic Year

Graduate Student Senate Travel Grant, The University of Vermont, March 2014

Graduate Student Senate Travel Grant, The University of Vermont, March 2015

Outstanding Paper Presentation at the annual conference for Neuroscience, Behavior, and Health, The University of Vermont, January 2016

Session Chair, Learning Papers IV: Elemental and Configural, The Annual Meeting of the Eastern Psychological Association, March 2016

Ronald Suiter Award Recipient, The University of Vermont, November 2016

Session Chair, Session 1, The Annual conference for Neuroscience, Behavior, and Health in January 2017

Honorable Mention: Outstanding Poster Presentation at the annual conference for Neuroscience, Behavior, and Health, The University of Vermont, January 2017

Graduate Student Senate Travel Grant, The University of Vermont, March 2017

Kent State Alumni Association Outstanding New Professional Award Finalist, 2017

Session Chair, Learning Papers: Conditioned Reinforcement, Outcome Specificity, and Counterconditioning, The Annual Meeting of the Eastern Psychological Association, March 2018

Teaching Experience

Courses Taught

Psychology 205: Learning, The University of Vermont, Summer 2015

Psychological Science 111: Learning, Cognition, and Behavior, The University of Vermont, Summer 2016

Graduate Teaching Assistant

Psychology 109: Research Methods I, Fall 2012 (Student Evaluation of TA performance: 4.9/5)

Psychology 110: Research Methods II, Spring 2013 (Student Evaluation of TA performance: 4.8/5)

Psychology 221: Physiological Psychology, Fall 2013 (Student Evaluation of TA performance: 4.8/5)

Psychology 104: Learning, Cognition, and Behavior, Spring 2014 (Student Evaluation of TA performance: 4.3/5)

Psychological Science 115: Biological Psychology, Fall 2015 (Student Evaluation of TA performance: 4.6/5)

Psychological Science 111: Learning, Cognition, and Behavior, Spring 2016 (Student Evaluation of TA performance: 4.3/5)

Invited Guest Lectures

Categorization and Generalization: Learning, Fall 2013, The University of Vermont

Cognition in Instrumental Learning: Learning, Cognition, and Behavior, Spring 2014, The University of Vermont

Automaticity: Learning, Cognition, and Behavior, Spring 2014, The University of Vermont

Mental Representations in Animals: Learning, Cognition, and Behavior, Spring 2014, The University of Vermont

Animal Models of Relapse: Research Methods, Spring 2015, Burlington College

The Role of the Prelimbic Cortex in Excitatory Operant Responding: Biopsychology, Fall 2015, The University of Vermont

Inactivation of the Prelimbic Cortex Attenuates Context-Dependent Operant Responding: Learning, Cognition, and Behavior, Spring 2016, The University of Vermont

Neural Mechanisms of Actions and Habits: Learning, Cognition, and Behavior, Summer 2017, The University of Vermont

Neural Mechanisms of Actions and Habits (Focus on Prefrontal Control): Neurobiology of Learning and Memory, Spring 2019, The University of Wisconsin-Milwaukee (graduate)

Mentored Students

Kael Alberghini, MA, The University of Vermont, 2014 – 2015

Project: Context Switch Effects on Instrumental Response

Publication: Trask, S., & Bouton, M. E. (2018). Retrieval practice after multiple context changes, but not long retention intervals, reduces the impact of a final context change on instrumental behavior. *Learning & Behavior*, 46, 213-221.

Current Position: Organizational Development Specialist at Mimecast

Christopher Keim, BS, The University of Vermont, 2016 – 2018

Project: Effect of Contextual Generalization on Operant Resurgence

Publication: Trask, S., Keim, C. L., & Bouton, M. E. (2018). Factors that encourage generalization from extinction to test reduce resurgence of an extinguished operant response, *Journal of the Experimental Analysis of Behavior*, 110, 11-23.

Tutoring

Psychology tutor for the Athletic Resource Center, Kent State University, September 2010 – May 2012

Editorial Experience

Neuroanatomy and Behaviour, Editor, April 2019 – present.

Professional Activity

Graduate Student Representative, Department of Psychological Science, The University of Vermont, 2013 – 2015

UC Berkeley: Foundations of Data Science: Computational Thinking with Python – Completed in May, 2018

Journal of Neuroscience Reviewer Mentorship Program under the advisement of Dr. Gavan McNally – Completed in June, 2018

Reviewer: Behavioural Brain Research; Behavioural Processes; Journal of the Experimental Analysis of Behavior; International Journal of Comparative Psychology; Learning & Behavior; Neurobiology of Learning & Memory; Scientific Reports

Outreach

Curator of the official Pavlovian Society Twitter account (@PavlovSociety), October 2018 – present.

Curator of the [Pavlovian Society Featured Faculty](#)* monthly blog series, March 2019 – present.

*Founder

Member of the Women in Learning annual luncheon planning committee, May 2018 – present.

Lead member of the Outstanding Graduate Woman in Learning Award*, May 2018 – present.

*Founder
